## Drone Fest

**PANDAS Model Flying Club** are hosting a **Drone Awareness** event at Pontefract Park on June 4<sup>th</sup> 2016. Start time 10am, finish 4:00pm. **Free Entry**

This is purely a fun fly event to encourage multirotor (drone) flyers to come along and socialise with other likeminded pilots whilst promoting BMFA/CAA Drone Awareness.

Bring your own Multirotors to fun fly (3Kg max weight), have a go on our FPV course or chat with a professional UAV pilot. We hope to be able to offer a drone flight experience via a buddy box if things go to plan.

If you have no BMFA 'A' or equivalent or any public liability insurance don't worry, 'PANDAS' can supply a qualified pilot to stand alongside you under the BMFA Club insurance arrangements for visitors for that day.

### Directions:

The flying site is situated within Pontefract racecourse. Leave the M62 motorway at junction 32, head towards 'Pontefract' on Park Road. A few hundred metres along this road, just past the old 'Parkside Hotel', as the road splits round an island, you will see a gate on the right hand side. Direction markers will be placed to help locate the venue. Any questions email [areappleyard@msn.com](mailto:areappleyard@msn.com) For organisational purposes it would also be helpful if you could email your intention to attend.

**Sat Nav' location is 53° - 42' - 04.83" N, 1° - 19' - 34.14" W**
